APION

YOUR TRUSTED
BUILDING CONTRACTOR

APION

Apion was formed in 2017. In the years since, the company has steadily grown to become a trusted Contractor with a reputation for delivering excellence and expertise throughout Zambia

Our key sectors include residential (social and private tenure), commercial, education and healthcare; often working within logistically challenging locations. Our success has been based around building and maintaining strong client relationships, with a focus on partnering and collaboration. As a result, approximately 70% of our business is with repeat clients or consultant teams.

An exemplary service is backed by directly employed professional staff to deliver a cost effective, timely and high quality construction solution. With a core team of directly employed tradesmen, we deliver consistent quality and have the ability to be flexible and reactive to requirements.

As part of its working model, Apion takes a collaborative, partnership approach to projects, building professional relationships based on mutual respect and trust. We operate a culture of teamwork, openness and support, in which everyone is encouraged to strive for excellence. Social value and sustainability are at the heart of everything we do, and our health and safety record is second to none. We are also able to draw on the expertise of other companies and contractors around the sub-region.

Following a pattern of local organic growth the company aims to have an extensive client base. In Zambia, we have an embedded culture of teamwork which enables us to build long term relationships with our clients and their professional teams. Apion's resolve is to deliver bespoke projects on time and within budget, working with private clients and property investors alike

Apion is indeed a multi-disciplined construction company delivering Building, Civil and Structural projects across a diverse range of industry sectors. With offices in Lusaka, we aim to manage projects for public and private sector clients throughout Zambia.

As a principal contractor our experience includes:

Refurbishment, Alteration and Extension

New Buildings

Design & Build

Civil Works

Our Philosophy

We are known for our collaborative approach and problem-solving skills and working with our clients to develop optimum build solutions to ensure best value.

Quality

The high quality of our people and company processes are central to the exemplary service we provide.

Apion is a local company incorporated in Zambia in 2018. The company was established in 2018 to provide a reputation for the successful delivery of complex construction sector projects. Apion is a specialist civil engineering, construction and facilities management company. We are known for the innovation, creativity and technological mastery with which we promise to tackle the most complex of projects. We provide the full scope of services from conceptual plans and feasibility studies, to planning applications and construction. We maintain high standards of design and quality thereby bringing an assured touch to all of our projects.

Our Purpose

To create, enhance and sustain the world's natural, built and social environments. Committed to this undertaking, our company is driven by a clear set of core values, which define who we are, what we do and how we do it that truly reflect the company's philosophy.

Our Vision

Our goal is to not be limited to completion on time and on budget but we are committed to outperform - to exceed our clients' expectations consistently. We hope to build long-term value for our customers, shareholders and employees, and for society at large.

Our Mission

The mission of Apion is to continue serving our clients and our community with an honest, reliable performance and a customer-first attitude. We are dedicated to the essential integrity of each job and to continue improving a full-service of quality construction.

Being a privately owned contractor with a focus on organic growth, the company seeks to secure its work through negotiating or competitive tendering for projects and combine a wealth of technical knowledge and practical experience.

At Apion we are known for excellence in a diverse range of markets. Our extensive experience in each and every realm is driven by the breadth and depth of our qualified teams, all who take pride in doing the best possible job for our clients.
