

# MODULAR PRE-FABRICATED BUILDINGS

Our experts will work with you to design and build a range of modular build projects. As specialist modular building contractors, you can trust our industry knowledge as we help you to understand how modular buildings could work for your business. We produce a wide variety of prefabricated buildings; working for government, education, healthcare and private sector clients in Zambia.

The role of modular buildings in providing more efficient and sustainable methods of construction is quickly on the rise.

Apion's modern modular prefabs enable us to offer permanent and temporary modular buildings for all sectors. From classrooms and education spaces to public sector, housing, healthcare and commercial.

Alongside being vastly flexible and suitable for almost any application, our modular buildings offer many other benefits such as:

Factory-controlled quality

Minimised disruption thanks to off-site construction

Reduced lead times of weeks not months

Effective cost control to ensure you remain safely within budget

**CALL US ON 0211 264 309, OR 0979 599102**

*Our modular buildings are for many different types of use.*

Construction site offices

Marketing suites

Classrooms

Nurseries

Libraries

MRI scanner facilities
